### Performance tracking

Sales history and commission tracking allow full visibility into your revenue performance.

### Increase renewal rates

Increase client loyalty by providing comprehensive financial protection service beyond tax preparation.

### Access your account

To track the status of your iPROTECT clients

### Did you know? | Every 2 seconds

- 7% of adults have their identities misused resulting in an average of \$3,500 in losses.
- Without ID theft protection, it takes the average victim an estimated \$500 and 30 hours to resolve each ID theft crime.
- Children are common targets for identity theft. Since most people under 18 are not actively applying for credit or monitoring it, minors can become easy prey.

### Real Clients. Real Results

"Having sold iPROTECT for the last two seasons, I've been thrilled by the value it's provided both our clients and my staff. The commission opportunity has energized our office and we're proud to offer a service that has our client's best interests at heart." Richard W. of Arizona
